

## **Finance Analyst – Energy Sector (India)**

The Institute for Energy Economics and Financial Analysis (IEEFA) is seeking a Finance Analyst for a contracted consultant role based in India. This is a new role due to the continued expansion of IEEFA.

We are looking for an experienced financial professional with deep knowledge of the energy sector in India. The consultant must also possess a commitment to IEEFA's mission to accelerate the transition to a diverse, sustainable and profitable energy economy.

IEEFA is a rapidly-growing NGO/nonprofit that conducts research and analysis on financial and economic issues related to energy markets, trends and policies. Headquartered in the United States, IEEFA has a team of analysts and communications personnel located across the globe. Our small dynamic India based team works collaboratively with IEEFA internationally and in the region across different research areas including the coal, gas, and electricity markets.

IEEFA produces a significant volume of original research, as well as ongoing analysis and reports on issues affecting energy industries. Our major research reports, daily commentaries, press coverage and other resources can be found on our website: [www.ieefa.org](http://www.ieefa.org).

### **Roles and Responsibilities**

- Researching, interpreting and publishing financial data.
- Conducting financial analysis, financial modeling, and market analysis in Excel.
- Drafting, formatting and proofing reports, submissions and press releases.
- Formatting and updating PowerPoint presentations.
- Horizon scanning for energy and finance news – downloading and printing press articles, annual reports, investor presentations, industry reports on global electricity markets, coal, renewable energy and energy efficiency.
- Reading, reviewing, and providing commentary on the major listed players in the electricity sector.
- Analyzing financial performance; tracking stock price performance, and strategy announcements, etc.
- Examining various financial instruments to attract global capital like green bonds and investment trust funds.
- Creating innovative financing models to access capital in the Decentralized Renewable Energy space – solar rooftop, solar irrigation.
- Liaising with other organizations as a representative of IEEFA.
- Other duties as assigned.

### **Required Qualifications**

- A minimum of five to seven years' relevant experience in finance, energy, engineering, or a related field.

- Comprehensive and progressive experience analyzing financial reporting, stocks, and investment portfolios.
- Presenting insights on the company's financial performance.
- Expert understanding of finance, economics and quantitative analysis.
- Demonstrated ability to communicate effectively and with good political judgment both orally and in writing.

### **About You:**

- You are keen to bring your skills and experience to a small and dynamic team to make a difference.
- You are very self-motivated, able to work independently, able to multi-task, set priorities and meet deadlines with limited direction while working remotely.
- You have a high degree of technological proficiency and demonstrated ability to learn new software and applications.
- You have exceptional expertise in Excel.
- You have excellent writing skills demonstrated through publications, reports, and commentaries.
- You are team-oriented with a strong commitment to diversity, equity, and inclusion.
- You have a commitment to IEEFA's [mission](#).

**Term and Schedule:** The initial full-time contract will be for 12 months. Our intention is that the contract will be renewed annually for the right candidate.

**Travel:** Some travel may be required (when it becomes possible).

**To Apply:** Interested applicants should send a resume, cover letter and writing sample to [jgasper@ieefa.org](mailto:jgasper@ieefa.org) and [vgarg@ieefa.org](mailto:vgarg@ieefa.org). All submissions should be sent by email only with the phrase "Finance Analyst - India" in the subject line.

We encourage you to apply immediately and will be closing applications by 26<sup>th</sup> March.
